vi. Institutional set-up for liquidity risk management

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk. The Board approves the governance structure, policies, strategy, and the risk tolerance limit for the management of liquidity risk.

The Board of Directors approves the constitution of Risk Management Committee (RMC) for the effective supervision and management of various aspects including liquidity risks faced by the Company. The meetings of RMC are held at quarterly interval.

The Board of Directors also approves constitution of Asset Liability Committee (ALCO), consisting of the Company's top management which functions as the strategic decision-making body for the asset-liability management of the Company from risk-return perspective and within the risk appetite and tolerance limits approved by the Board. The role of the ALCO also includes periodic revision of interest rates, diversification of source of funding and its mix maintenance of enough liquidity and investment of surplus funds. The Members of Asset Liability Committee (ALCO) meets periodically and minutes of the same are placed before the Board of Directors in its next meeting for ratification.

Notes:

- Total Liabilities represent total Liabilities and Equity as per Balance sheet less Equity.
- A "Significant counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the NBFC-NDSI's, NBFC-Ds total liabilities and 10% for other non-deposit taking NBFCs.
- Public funds are as defined in Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve bank) Direction, 2016.
